"Cobalt has a strong sense of community... not only are all of our neighbors great, but I love the fact that many of the Lunds employees remember our names! Bruce, Steve, and Chris at the meat counter are the best!"

- Hudie & Sarah

"I moved to Minnesota in 1977 and have always lived in the western suburbs. I love "city life" – the neighborhood is so vibrant! There are so many great places that are within walking distance, I can't wait for warmer weather to really explore all it has to offer."

- Carol

"I don't have to grocery shop anymore. . . I just go downstairs and eat!"

- Ross

"We haven't stopped smiling since we moved into Cobalt. We love everything about our condo, our neighborhood, our Lund's store downstairs, the restaurants within easy walking distance. Life is good!"

- Lee & Mary B.

"I admire you for what you have created for the community and individuals. Having beautiful, orderly and abundant services available to people lifts their spirits and gives the community a place to connect. Creating homes for people provides a place for people to restore, create memories, comfort sorrows and launch dreams. Not every job in this world has an obvious audience, but this audience member gives you a standing ovation. Thanks again!"
